VERIFY PEARY'S FINDINGS

Coolidge and Wilbur Proud to
Have U. S. First to Sur-
vey North Pole from AirBY DAVID LAWRENCE
Copyright 1926 by Post Pub. Co.
Washington — The thrill of the
American navy that one of its com-
manders should have carried the
American flag over the top of the
world encircling the north pole is one
of unbounded joy for two reasons—
first because in the spectacular race
between the Norwegians and Italians,
with their dirigible and an Australian
Captain Wilkins, flying from Alaska
victory came to an all-American ex-
pedition, and secondly because the
findings of another American naval
officer, Rear Admiral Peary have been
verified.President Coolidge and Secretary
Wilbur who have watched the race
with unceasing interest, did not
hesitate to cable their congratulations
at once. They have been hoping that
Commander Byrd would win for al-
though he was temporarily on leave
of absence from the navy, every man
in his expedition comes from the na-
vies. The triumph of the United States
personnel. The triumph of the globe
and now the navy has done what has
never been done before—surveyed
the north pole from the air.FEAT ONLY A STARTER
Scientifically, the government bu-
reaux here give due credit to Com-
mander Byrd for his exploit but they
say his feat is only a starter. To fly
over the north pole area and record
the exact position of the magnetic
needle and to give the position of the
sun in relationship to degrees of lat-
tude and longitude will be valuable
for future explorers but the next big
step in Arctic exploration must come,
it is felt, from the surface.The French navy has had that idea
and an expedition is being prepared to
go late next summer in motor sledges
with the hope that the ice will be firm-
ly packed and that the explorers can
avoid open water with their catapillar
wheel tractor.There is a possibility that the method
which the French have selected will
lead to American expeditions along
the same lines. The scientists in the
government are hopeful that the short
adventurous flight idea is now a thing
of the past, and that the next visitors
to the Arctic zone will make a slower
and more comprehensive study of the
whole area. The suggestion has been
advanced that a ship be taken to
Point Barrow during the summer
with plenty of supplies and with mo-
tor sledges and that after the ice has
become thick enough for continuous
travel that the sledges make a journey
across the top of the world to
Spitzbergen.SEEK CROCKER LAND
As yet there is a feeling that some-
where between Alaska and Spitzber-
gen, land exists; that Peary's theory
that Crocker land is the beginning of
an extensive area in the Polar sea is
correct. Captain Wilkins who is to
fly out in the Polar sea from Alaska
for 500 miles may come back with
stories of this same kind though
Crocker land is much farther away
from Alaska than Captain Wilkins'
airship can cruise and return to its
Alaskan base.During the present week, Captain
Amundsen and Lincoln Ellsworth, the
latter the American backer of the
Norwegian-Italian expedition—will
travel by dirigible across the top of
the world and may be able to say
whether Crocker land was a myth or
reality but in the long run the sci-
entists will not be satisfied with any-
thing but surface study.NORWAY TO GET LAND
FOUND BY AMUNDSENOslo, Norway.—(AP)—The Amundsen-
Ellsworth dirigible Norge started on
its flight to the north pole and Alaska
at 10:10 o'clock Tuesday morning says
a message from Kings Bay, Spitzber-
gen.A wireless message received from
Captain Amundsen at 11:45 o'clock
Tuesday morning said:
"Now flying across the polar ice.
The expedition sends its best thanks
to the Premier (of Norway) for his
kindly telegram received immediately
before the start."It was officially announced this af-
ternoon that Captain Amundsen will
take possession of any land found
during the voyage in the name of the
King of Norway.

HOPE FOR QUICK ACTION ON FARM BILL

SUSPECTED MURDER
VICTIM APPEARS
TO CLEAR HUSBANDKansas City, Mo.—(AP)—As Earl
Thompson was enroute to Des
Moines, Iowa, Tuesday in custody
of an Iowa sheriff to face charges
of having murdered his wife and
burned her body in a strawstack
near Carleton, Iowa, a woman was
found in Kansas City who said she
was his wife and was eager to ex-
onerate her husband. Thompson
had scarcely been on his journey
an hour when she was located.
Identification of the body found
in the burned strawstack as that
of Mrs. Thompson was made Mon-
day by Mrs. Maggie Harmon of
Omaha, who said Mrs. Thompson
was her grand daughter.ANNIE IS GLAD TO

After 24 Hours ExposureSyracuse, N. Y.—(AP)—Rain
drenched, hungry and wretchedly
cold, Lillian McDowell, the "cat eye
Annie" of numerous spectacular
thefts, who escaped from An-
derson Prison Monday, was re-
sighted at daylight on mile north-
east of Weedsport.She was found in an open field,
partly hidden in a pile of weeds and
brush, which she had collected, to
protect her from the cold and rain.
Still clad in her prison uniform of
blue and white gingham, she ap-
peared to have suffered greatly from
exposure during her 24 hour flight.
She said she walked to Weedsport
Monday, eight miles, without once
being challenged.A farmer living near the spot
where she was found, saw her leave
the road and enter the fields late
night, and notified the prison au-
thorities.It was the opinion of the guards
that their prisoner was glad to be re-
captured. The prospect of dry
clothing, warmth and something to
eat appeared to interest her more
than anything else on the trip back
to the prison.DRY BOARD APPROVES

vamped administration measure
tightening up dry law enforcement
was approved Tuesday by a majority
of the senate prohibition committee
and will be recommended favorably to
the judiciary committee next Thurs-
day.ROBBERS ESCAPE WITH

men were sentenced to six months in
the Milwaukee house of correction
when they pleaded guilty to violation
of the prohibition amendment Mon-
day.Four others entered pleas of not
guilty and May 21 was set as the date
of trial. Those sentenced are Fred
D. Gault, Fred Dupont and Andrew
Dustin. William Birmingham, John
P. Grossen, John Roudier and Herman
Holtz pleaded not guilty.Walter Ross, president of the An-
drew Fischer Beverage Co., of Ocon-

violations of the amendment and was
sentenced to 15 months in the house

SURPLUS CROPHaugen Farm Bill Up for
Amendments in Lower
HouseWashington, D. C.—(AP)—The sur-
plus crop bill entered the tortuous
trail of amendments Tuesday, five
days of general debate having been
completed late Monday night by the
house.Although differences of opinion
have become more sharply outlined
with the progress of the debate,
leaders are hopeful that action may
be taken Friday or Saturday. Price
stabilization as proposed in the
\$375,000,000 Haugen bill is techni-
cally placed in position for consid-
eration of amendments when the
extended period for general discus-
sion ended Monday night.This is the only one of three bills
which can be submitted to a record
vote under the parliamentary situa-
tion surrounding them after it has
been read for amendment one para-
graph at a time, with members
limited to five minutes for discus-
sion of proposed changes, the \$100,
000,000 Tinscher credit measure and
the \$10,000,000 Curtis-Aswell com-
modity marketing bill, may be advanced
as substitutes. No roll call is re-
quired for decision under such pro-
cedure. Personal attacks and charges
of sectional conflict entered into the
closing hours of the general debate.
The Haugen bill, advocated by the
corn belt delegation which sponsored
the equalization fee principle during
the recent farm relief hearings, pro-
vided the main vehicle for much of
this dispute.

CLAIMS PLAN UNSOUND

At one point Representative Boggs
Republican, Ohio, insisted that the
plan was unsound and urged mem-
bers to stop making promises to
farmers solely to gain votes, assert-
ing that any political revolt against
his party in the west would be brief
if the farm bill was passed.OIL JOBBERS OF STATE
MEET HERE TOMORROWApproximately 125 members from all
parts of the state are expected to at-
tend the monthly meeting of the Wis-
consin Independent Oil Jobbers As-
sociation which will be held Wednes-
day afternoon at the Conway hotel.
A dinner will be served at noon. Two
local firms, the DeBauffer Oil Co. and
the Deep Rock Oil Co. are members
of the association.CHILD GOING HOME FROM

nelt, was struck by an automobile
driven by Henry Grapengeter, Jr.,
726 W. Summer-st. The child was
thrown to the ground but the car
did not pass over her. Grapengeter
was accompanied by Carl Ludwig,
78, of Greenville.The child was taken to her home
by V. L. Dehamater, 62 W. Prospect-
ave. Her spine was injured, but the
physician in charge had not deter-
mined the extent of the injury by
Tuesday noon.Supreme Court Writes
Last Chapter In Lembke
Suit By Affirming VerdictThe case of William Lembke
against the First National Bank and
others of this city was brought to a
final conclusion by a decision of the
Supreme court Tuesday morning
which affirmed the decision of Judge
Edgar Werner in the circuit court
which affirmed the decision of Judge
R. S. Powell, to the plaintiff in the
case, William Lembke, by reason of
the purchase by Lembke of stock in
the defunct Simon Cheese com-
pany. The court held that there
was no evidence which would justify
a conclusion that the bank or any
of its officers was aware of the cor-
rupt methods employed by Simon in
the conduct of his business, that
there was no evidence which would
support the thought that the defend-
ants had engaged in any conspiracy
or done any improper act to the in-
jury of the plaintiff and that the
plaintiff had purchased his stock at
his own investigation of the Sim-
on Cheese company.The case aroused a great deal of
local interest due to the fact of the
large loss of the plaintiff and others
because of the high financial meth-
ods of Nick Simon, Jr.The plaintiff purchased \$31,500 of
stock in the Simon Cheese company
in 1920 at a time when it was paying
good dividends and was under the
control of Simon. A slight in-
crease in the price of the stock was
made by Mr. Simon and through which
some \$200,000 of stock had been sold
throughout the community. In 1922
the company went to the wall fol-
lowing the discovery of numerous
frauds that had been perpetrated by
Simon. Simon had the evidence
showed, overcame his own account
of about \$50,000, paid out high and un-
lawful commissions to salesmen, paid
dividends when there were no earn-
ings out of which to pay them and
committed many other acts of fraud.The First National Bank and Mr.
Powell successfully had the evidence
they had themselves been victims of
the same fraud and proved by writ-
ten documents that Simon had made
false financial statements to them
and had set up on his books dummy
accounts showing large sums of
money coming from sales of cheese
that had never in fact been made.
At the conclusion of a two weeks'
trial Judge Werner ruled that there
was no evidence to justify even an
intimation that the bank or any of
its officers either knew or should
have known of the gross frauds per-
petrated by Simon and Judge Wer-
ner thereupon directed the verdict
in favor of the bank, which has now
been approved by the Supreme court.The Supreme court affirmed the
decision of circuit court here in direct-
ing a verdict for the defendant in the
case of Martin Weyenberg against
Dr. A. E. Rector. The plaintiff al-
leged in his complaint that he had
given Dr. Rector notes for collection
and that the latter had turned them
over to the Independent Mining Co.
without Weyenberg's authority. The
court directed a verdict for the de-
fendant and Weyenberg appealed to
the supreme court.The Supreme court Tuesday upheld
the decision of a lower court that
James Nelson must give a quitclaim
deed to Everett Nelson, conveying
the farm of their brother Albert, de-
ceased, in the case of Nelson versus
Nelson. James and Henry Nelson re-
ceived the personal property of their
late brother while Everett was to be
given the real estate. James Nelson,
however, refused to give a quitclaim
deed to Everett on the ground that
the latter had broken a verbal agree-
ment.Two appeals from this circuit were
reversed by the Supreme court. One
was the case of Plankow vs. York
in which the plaintiff was given a
judgment for \$502.41 when the case
was tried here. The suit involved the
purchase of a team of horses paid for
by notes which were alleged to be
valueless. Attorney J. C. Smith,
who represented the defendant in
the action, was notified Tuesday that
the supreme court ordered the case
dismissed.The other case reversed was the
suit of the New Amsterdam Casualty
Co. of the Chicago and Northwestern
railroad.Babe Suffocates Before
Diggers Can Reach HimBenton Harbor, Mich.—(AP)—After
digging down 35 feet volunteer work-
men late Monday night took from a
well on a farm near here the body
of the 14 months old son of Mr. and
Mrs. Elsie Carter. More than 500
workers from the vicinity, spurred
on by the possibility that the child
might be alive, started for the well
more than 12 hours to reach the baby.After efforts to revive the infant
with a pumpmoter proved unavailing
Dr. W. T. Bertrand pronounced him
dead. He said death was caused by
suffocation and not by the fall, but
rescue work on the theory on which
the child was started, that if the
child be reached in time, he might
be taken out alive.The child was missed shortly after
9 o'clock Monday morning and short-
ly after it was ascertained that he
had fallen in the well. Efforts were
first made to sink a shaft wide
enough for a man to go down, but
the sand caved in constantly, and
rescuers were forced to abandon
this method. Grading shovels and
road scrapers were brought, and an
inverted cone-shaped hole with its
point where the child lay and about
25 feet in diameter at the top, was
dug. Caveins hampered the work,
tons of loose sand falling several
times during the operations and de-
laying the workers.TWO SCHOOL BOARDS

of the present board of education and
the newly elected six school commis-
sioners Wednesday noon at Appleton

club, after which the two boards
will hold a joint meeting. The dinner
will be prepared under the direction
of Catherine Spence, head of the do-
mestic science department. R. J. Ro-

Carrie Moran, assistant superinten-
dent and Herbert H. Holter, principal
of Appleton high school also will be
present.MOVE TO END

ers Reticent Over Ne-
gotiationsLondon.—(AP)—The British worker,
the labor organ announced late Tues-
day that the workers in ship yards
and engineering shops would be
called out Tuesday night.London.—(AP)—Peace negotiations in
Great Britain general strike can be
definitely said to be going on under
the surface.They have not yet reached an offi-
cial status, and what results they will
achieve remains to be seen, but a man
high in the labor ranks stated late
Tuesday afternoon that parleys were
proceeding. They were in such a deli-
cate state, however, he added, that
nothing could be said for the moment.
He said it was possible something
tangible would be forthcoming Wed-
nesday but emphasized that nothing
definite was in sight now.The first case of serious sabotage
since the general strike began was
reported Tuesday.The famous "flying scotchman" an
express from Edinburgh to London,
one of the fastest trains in Great
Britain was wrecked Monday near
New Castle, and the authorities Tues-
day claimed a rail had been delibera-
tely loosened.The train was being run by a volun-
teer crew, replacing railway men,
luckily the engineer had slowed to a
bare six miles an hour and only one
passenger was injured.Four deaths from railway acci-
dents have occurred in the last 24
hours. Three passengers were killed
and a number hurt when a train
manned by volunteers collided with
a freight train near Edinburgh and
in another accident at Cambridge
one person was killed and two were
injured.

STRIKERS ARE UNEASY

A government communique, issued
at seven o'clock Tuesday night
said: "There is as yet little sign of
general collapse of the strike and the
trade union congress is believed to
be making efforts to call out cer-
tain trades still at work.""It can be definitely stated that
there is growing disaffection among
the strikers with the policy of the
general strike and considerable un-
easiness as to its ultimate results."Sir John Simon a former Attorney
General will initiate a move in par-
liament shortly for settlement of the
general strike.A special meeting of the general
council of the trades union congress
was called for seven o'clock Tuesday
to explore the position at the present
time.J. H. Thomas and all the other
leaders were expected to attend.
A trades union congress spokes-
man announced Tuesday night that
he understands the government has
placed an embargo on foreign funds
which might be sent to the British
strikers.BELOIT COACH ACCEPTS
NOTRE DAME POSITIONBeloit.—(AP)—Thomas J. Mills, ath-
letic director and head football and
basketball coach at Beloit college
since 1920 has resigned his position
here to become assistant to Knute
Rockne at Notre Dame, he announced
Tuesday.During his career at Beloit, Mills
developed three midwest champions-
hip winners in football and a like
number in basketball.Murder and his trial adjourned in
February because the body of the
wife could not be found.
A coroner's jury Friday morning
brought in a verdict that death was
caused by a fracture inflicted on the
head due to being struck by some in-
strument and also due to drowning.District Attorney George F. Merrill
and defense counsel Walker Sanborn
have agreed to ask that Crowley be

OCCUPANT OF
RAIDED HOUSESupreme Court Rules Per-
sons May Not Be Search-
ed for LiquorMadison.—(AP)—Liquor on the person
of an occupant of a place that is being
searched is immune from seizure
under the state prohibition act the
Wisconsin Supreme court ruled Tues-
day.Two questions submitted to the
court were answered in the negative.
In the case of Ed. Wuest, Judge
Chester A. Fowler of Fond du Lac
asked whether the person of a licensee
of a soft drink parlor may be search-
ed for liquor under a warrant to
search the place. In the case of Joe
Kollat, the circuit court of Green Lake
County asked whether the person of
one found in a home may be searched
for liquor under a warrant to search
the place."It is one thing to find liquors in a
place and a very different thing to
find them upon a person," said Justice
Owen, quoting from the Maine Su-
preme Court. "A place to be search-
ed is not a person to be searched."

HEAR BEER SUIT

The Supreme court late Monday
granted the petition of S. A. Pullon, a
Milwaukee taxpayer for leave to com-
mence an original suit before it to en-
join Secretary of State Fred R. Zim-
merman from submitting the beer re-
ferendum, which was ordered by the
legislature, to the voters in the state-
wide election next November.The case was ordered placed on the
September calendar, and it appeared
likely that it would be argued and
decided until after the September pri-
maries.The petition presented to the court
by Mr. Bender alleges that the pro-
per legislative procedure was not fol-
lowed in the adoption of the resolution
to submit the beer referendum to the
voters, and that the proposal there-
fore is unconstitutional.

MUST PAY TAX

The Simon Heymann estate failed
in its attempt to avoid the payment
of inheritance taxes, when the su-
preme court held that Heymann, a
retired Oshkosh merchant, was a resi-
dent of Wisconsin when he died. The
court affirmed a order denying an-
nullity on administration of the estate,
which the heirs sought to probate in
Florida.Boy Finds Body Of Missing

CALL CONVENTION SOON

"Oshkosh" Republicans Want
to Restore Party Re-
sponsibilityOshkosh.—(AP)—A complete slate
of state officers seeking the Republi-
can nomination at the primary next
fall on a platform of "affirmation
not negation," backed by a statewide
organization is the plan of the "con-
servatives," represented by the Wis-
consin Republican convention.The convention plans to invite E. Le-
wellyn J. Campbell, Oshkosh, chairman
of the convention as members of the
executive committee gathered here to
complete the plans for a statewide
convention in June and issue a call to
the counties to select their delegates.
The convention plans to adhere to
the wishes of Senator Irving L. Len-
root to conduct his own campaign in-
dependent of support by the conven-
tion. Mr. Campbell said, and the or-
ganization will confine its efforts to a
state ticket and state issues.The members of the committee, as the
logical result of the convention, which
will be held in Oshkosh, will be held the
third week in June. Mr. Wiperman, sec-
retary of the organization asserted
the convention must be held in a city
with facilities to accommodate 2,000
persons.The question of moving the head-
quarters of the organization to Mad-
ison will be left to the next executive
committee and chairman chosen by
the convention. Mr. Campbell be-
lieves the headquarters should be in the
city where the chairman resides.

HAS NO LEGAL STATUS

Organized a year ago last March,
the convention, which has no legal
status in Wisconsin where the Republi-
can party organization is in hands
of the Progressives now has a coun-
ty committee in all but three coun-
ties. Mr. Campbell declared. The
whole state will be organized before
the delegates assemble, he asserted.
Every county will be represented at
the convention, the chairman stated.
Those counties not selecting delegates
at a convention will be represented
by Mr. Campbell, by Republicans
selected by the state organization as
provided by the constitution.The plan under which the delegates
will be selected follows closely the
organization of the national Republi-
can party. Each county will be en-
titled to one delegate absolute and
one delegate at large. Each county
will be entitled to one delegate abso-
lute and one delegate at large. This
plan will assure every precinct
having a voice in choosing delegates.

by Mr. Campbell to be held in two
weeks.DESTROY \$300,000

OPEN TOMAHAWK CAMP FOR SICK WAR VETERANS

Oney, Johnston Post Commander Learns Regulations for Admittance

The state American Legion rehabilitation camp at Tomahawk Lake is now open for the season according to word received by George D. Dams, commander of Oney Johnston post from James P. Burns, service officer of the legion and executive officer of the camp. Regulations for entrance to the camp also were received by Mr. Burns.

The letter from Mr. Burns states that last year the camp cared for 27 men during a five-month period and practically every one now is enjoying his living. This year the camp will care for at least 50 men with a maximum of 100 at one time. Every man who needs the aid of the camp will be taken care of this year regardless of his financial condition. Mr. Burns said.

It is not a hospital, but supplements the hospital in bridging the gap and the time when the man is ready to go to work, also to save a great many men a trip to the hospital Mr. Burns said.

Visitors are welcome but no provisions can be made to furnish board or lodgings to them.

Applications for admission of patients to the camp must be made through their local post. Married men who desire to take their families with them will be furnished a cottage and equipment when they are available.

Gambling will not be permitted. All persons are required to be on the camp grounds at 7:30 at night, and all lights out at 10. No women, the rule provide, shall remain away from the camp over night without permission. It is expected that the camp will be filled to its capacity this season.

The camp is attractively situated on Carr Lake, a short distance from Big Tomahawk lake, connected with the Minocqua chain of lakes.

195 GET HIGH SCHOOL DIPLOMAS ON JUNE 3

Appleton high school's annual commencement will be June 3 when 195 members of the class of 1926 will receive diplomas. The schedule for commencement week has been posted at the school. Final exams will be held May 24, 25 and 26 and will be followed by final examinations May 27, 28 and June 1. On Monday May 31 Memorial Day holiday will be observed and in the evening the senior class play "Just Out of College" will be given at Fischer's Appleton theater. Class exercises will be held on June 2.

NEED INSURANCE ON RENTED CARS

Renting Business Must Carry Liability Covering Rentals

Madison—(AP)—Companies that rent automobiles have been notified by W. Stanley Smith, state insurance commissioner, that they are required to carry liability insurance covering the renter and that it is unlawful for them to collect an insurance premium from the renter.

A 1925 law he stated, is mandatory and makes necessary that a public liability policy issued on a car to a company or person who is doing a rent-a-car business must contain a clause covering the person who rents the car. "It is furthermore the opinion of this department," Mr. Smith said, "that it is the duty of every concern for person operating a rent-a-car business to advise the renter of the car, whether or not he is protected by insurance and definitely to what extent such insurance carries and the name of the company in which the insurance on the car is placed and to just what extent the renter of the car becomes personally liable."

"In conducting a rent-a-car business, you are not authorized to sell insurance to the renter of a car—unless you are a licensed agent for a licensed insurance company—nor can you charge or collect an insurance premium from the renter of a car. To do so makes you personally liable for any loss or damage incurred or sustained, as well as subject you to the penalties for violation of the provisions of the insurance laws."

NEW TELEPHONE COMPANY TAKES OVER 4 SYSTEMS

Seymour Man Heads Consolidation of Properties Worth \$700,000

A consolidation of four telephone companies, with a total valuation estimated at \$700,000 was consummated last week when the Two Rivers, Seymour, Shiocton, Plymouth, and Eastern Wisconsin Telephone companies, the latter including exchanges at Chilton and New Holstein, were absorbed in the State Telephone Co. of Wisconsin.

Charles Jackson, Seymour, until the consolidation, president of the Seymour-Shiocton Telephone Co., will head the State Telephone Co., and John A. Pratt, Madison, is the new secretary-treasurer. Central offices will be located at Madison. Mr. Jackson has announced.

Many stockholders in the individual telephone exchanges withdrew before the consolidation was effected. Wisconsin and Illinois interests control the new corporation.

A trust indenture providing for a bond issue on the various properties of the State Telephone Co. has been filed at the office of the register of deeds.

Mr. Jackson expects to move to the central offices at Madison this summer.

Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk or whether it is linen, cotton or mixed goods.

ROOT DIRECTS RADIO STATION AT LAWRENCE

Lloyd Root, Appleton, is in charge of radio broadcasting station 9 BHD which Lawrence college claims as its very own. Mr. Root built the set which has established connections with stations in Menasha, and is now working to get communications with stations further away.

The station has a 25 watt set and is licensed to operate on 180, 80 and 40 meter wave lengths. General broadcasting has not been done yet because of the amateur rating of the set but improvements now under way will soon give Lawrence a chance to put itself on the air.

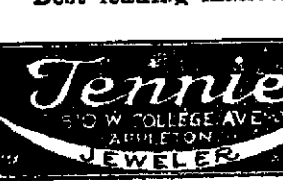

Mr. Root is working on the set now to reduce it from 25 to 5 watts so that the broadcasting may be transmitted to Europe.

For a delicious dessert combine 1X 20 JEL with fresh fruits topped with whipped cream.

Make the graduation an event to be remembered with a lasting gift—the Watch.

Fourth District of Central Society Meets in Sacred Heart Hall

Some of the ablest Catholic speakers of Wisconsin will take part in the general meeting of the fourth district of the Central society of Wisconsin in Sacred Heart school hall here Sunday, May 30. A business meeting will precede the general

meeting which is scheduled to start at 8 o'clock.

The Central society of Wisconsin is affiliated with the Catholic Central society, a national organization of Catholic benevolent societies which was organized approximately 70 years ago. The state organization maintains a legislative committee and is engaged in social work where-over local societies are established. The national convention will be held in Springfield, Ill., in June and it is expected that Wisconsin will send a large delegation.

Pumping Up Tires No Longer Necessary

A new Air-tite Valve Cap now enables car owners to inflate their tires once and never touch them again until punctured or worn out. This doubles tire mileage and eliminates blow-out hazards caused by under-inflation. These caps retail at \$1.50 for set of 5. You can get proof, agent's offer, and free sample by simply sending a card to Ed Lane, 619 St. Clair St., Dept. 4647-G, Chicago. Write him today.

GREEN BAY IS PREPARING FOR ROTARY MEETING

District Conference to Be Held in Columbus Club Auditorium

For the first time in the history of the Tenth district Rotary conference, all the conference sessions will be held entirely under one roof the Columbus Community auditorium at Green Bay on May 18 and 19, with the exception of two luncheons to be given in Pannic Joannes Memorial hall. Columbus club auditorium has a seating capacity of 2,000 and is the largest structure of its kind in the state, outside of Milwaukee.

Many Appleton Rotarians are planning to attend the annual conference which is to be the first meeting since the division of the former Tenth district. As now constituted, the Tenth district takes in all of the clubs in the northern half of Wisconsin and also those in northern Michigan. Lee C. Bussey of Appleton is district governor. A successor will be elected at the coming convention.

The principal sessions of the convention will be held in the auditorium of Columbus hall and the entertainment features of the convention will be staged there. Smaller meetings will be held in various conference rooms in the same building.

The conference committee in charge of the program has arranged for addresses and special features of unusual interest and the Green Bay Rotarians have arranged for special features in addition to the regular program.

Most of the Rotarians attending the conference will make the trip by automobile, but a large number of clubs will send their delegates in sleepers, which will be subordinated in Green Bay and used for living quarters. More than 1,200 Rotarians are expected to attend the meeting.

Local Rotarians who plan to attend the conference are urged by the local conference committee to make their reservations at the earliest date possible.

MANY STUDENTS SEEK ADMISSION INTO LAWRENCE

College Will Admit Only Best Students, Faculty Announces

Never before has Lawrence college received so many applications from high school students signifying their intention to matriculate here next fall. This high rate of applications gives the college an opportunity to pick only the very best for admission.

Several of Lawrence's professors have been sent out to various cities in the state to talk to high school assemblies and to hold conferences with members of senior classes. The advantages of higher education in general, and the particular advantages of higher education at Lawrence are set forth by these professors for the enlightenment of high school students.

Among those who have already gone out to stir up interest in Lawrence are Dr. A. A. Trever, Professor F. W. Dr. W. E. Matthews, Dean F. M. Ingler, and Dr. R. C. Mullens. Among the cities on the itinerary are Baraboo, Waupun, Antigo, Tomahawk, Sturgeon Bay, Algoma, Wausau and Keewaunee.

Don't Spend

for foods without flavor

THE art of making meals attractive is in serving flavorful foods. In breakfast oats, see that you get the Quaker brand. The difference in flavor is amazing.

Some 50 years were spent perfecting Quaker flavor. No other oats offers it to you. Yet the price you pay is the same.

Quaker milling, too, retains much of the "bulk" of oats. And that makes laxatives less often needed. Protein, carbohydrates and vitamins and "bulk" are thus combined in making Quaker Oats an excellently balanced ration.

Quick Quaker cooks in 3 to 5 minutes. That's faster than plain toast. Makes the richest breakfast now the quickest.

Get Quick Quaker or regular Quaker Oats today for a richer breakfast tomorrow.

Says Dangerous Varicose Veins Can Be Reduced at Home

Rub Gently and Upward Toward the Heart as Blood in Veins Flows That Way.

If you or any relative or friend is worried because of varicose veins, or bunions, the best advice that anyone in this world can give you is to ask your druggist for an original two-ounce bottle of Moore's Emerald's Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. So penetrating and powerful is Emerald Oil that even piles are quickly absorbed. Voigt's Drug Store sells lots of it. adv.

FORMER SERVICEMEN CONDUCT FUNERAL RITES

Fifteen Legionnaires and former service men attended the military funeral of Max Brueggeman, World war veteran, Saturday afternoon. Mr. Brueggeman died Wednesday evening at the home of his father, Carl Brueggeman, 307 E. South Weimar-st. and the funeral was held at 2 o'clock Saturday afternoon from the home and at 2:30 at St. Paul church. The Rev. Fred Brandt conducted the services. Interment was in Riverside cemetery.

Harvey Priebe, vice commander of Oney Johnston post, spoke at a short military service at the grave and Charles Sparling was in command of the firing squad which was com-

posed of Arthur Jones, Thomas O'Neil, Roy Myse and Merle Bruch. Sparling and Priebe formed the color guard and Thomas O'Neil acted as color bearer. John Hancock was bugler. Bearers were Fred Kirk, Otto Hoppe, Carl Hoppe, Hubert Horn, Carl Sternagel and Otto Sternagel. Flower girls were the Misses Leone Brueggeman, Nettie Lietz, Martha Korth, Elsie Last and Esther Reiche.

Methods of killing off the fly population are being studied at the government dairy farm in Maryland.

LEMON JUICE BEST TO WHITEN SKIN

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle and you will have a whole quart of the most wonderful skin whiteners, softener and beautifier.

Massage this sweetly fragrant lemon on bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy white complexion; also as a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It can not be bought ready to use because it acts best immediately after it is prepared.

THE HAUGEN BRIBE

If southern Democrats are sufficiently dazzled by the prospect of a \$100,000,000 cotton appropriation contained in the Haugen price control bill there appears to be some chance that this economically unsound measure will get through the lower house, and perhaps that it will require a presidential veto to kill it. So far the Democrats have opposed the scheme, since all price control bills are heralded as means of "making the tariff effective."

To support the bill, Democrats would have to sell their anti-tariff birthright—and the mess of pottage wouldn't be worth it. Under the Haugen scheme, as the Post-Crescent has pointed out before, an unwieldy farm board and a host of well paid appointees is created; a fund of \$375,000,000 is provided to permit the holding of products for foreign marketing; and the losses suffered on the foreign selling venture are to be made up by an "equalization fee" collectible from the United States treasury for the first two years and thereafter out of taxes collected from the farmer. There is no guarantee that there will be anything but losses.

On cotton it is well known that there is no tariff and hence that the world price would still prevail. On other crops nothing is economically more probable than that the original gains, if they happened to follow, would result in an encouragement of larger planted acreage with resultant over-supply and an inevitable let-down the next season.

It was a matter of little notice at the time, but President Coolidge in signing the recent Spanish-American war pensions bill remarked:

For the next fiscal year present indications show a deficit of a little over \$21,000,000. When the requirements of the Spanish war pension bill of nearly \$19,000,000 are added, that deficit becomes nearly \$40,000,000.

The president when he estimated this deficit undoubtedly took count of a reasonable appropriation for rivers and harbors for public buildings and for the other usual appropriations. But he did not reckon upon a \$375,000,000 agricultural subsidy. Matters are shaping so that Mr. Coolidge in a short time may have the soundest of reasons—the endangering of our \$370,000,000 tax reduction—for withholding his veto power. He will not have to say: "I do not like the purpose of this bill," which might prove bad politics; but merely "This will add to the national deficit and destroy the tax-reduction program."

THE PULITZER PRIZE

A novel about a dyed-in-the-wool scientist, and a play about a hard, cruel wife have won the Pulitzer prize for, respectively, "The American novel published during the year which shall best present the wholesome atmosphere of American life and the highest standard of American manners and manhood" and "the original American play performed in New York which shall best represent the educational value and power of the stage in raising the standard of good morals, good taste and good manners."

The play—"Craig's Wife," by George Kelly—admirably meets the specifications. No American woman "using" her husband, no wife hardening her heart to the fine and decent human impulses and satisfying herself with a cold pride in the good taste of her house furnishings and the position she may have achieved in so-

ciety, could fail to be impressed by Mr. Kelly's picture of a home riven by suspicion and selfishness. The novel—Sinclair Lewis' "Arrowsmith," is undoubtedly a fine piece of work. But does it present "the wholesome atmosphere of American life and the highest standard of American manners and manhood?"

To many Americans the spirit of "Arrowsmith," that crusading and sometimes exaggerated condemnation of what Mr. Lewis is always pleased to call American smugness and superstition, will seem if anything rather exotic. Is the absolute spirit of science—that defiant and all-questioning spirit which recently misled Mr. Lewis to defy the Deity to strike him dead—really illustrative of the "wholesome atmosphere" of our life or the "highest standard" of our manners and manhood? "Arrowsmith" skillfully presents the Lewis viewpoint. Is it either the highest or even the average American viewpoint?

Our guess is that far more Americans would vote for a standard based upon a certain faith Mr. Lewis would smartly condemn as silly superstition, than one requiring complete reliance upon the inquiries of the test tube.

THE MOCK ELECTION

Schools everywhere find their senior classes engaged about this time of year in a somewhat doubtful practical joke—the mock election. Students seldom recognize until later years how questionable this supposedly funny ceremony may be in terms of its effects.

Fortunately a sense of humor generally picks upon the popular senior most resembling Andy Gump or Ben Turpin in facial beauty as the handsomest man. The same is not true of the choice of a prettiest girl. This is usually serious. If the victor has any sense she must feel immensely foolish. If she is silly enough to take the choice to heart it can be a lifetime handicap.

The class bluffer is generally elected for some proclivities along that line. He may laugh the selection off at the time, but at class reunions in later and more substantial days it will be no particular pleasure for him to be recalled as the "man who bluffed his way through Siwash." The dishonor of election as Class Pest, generally conferred upon some unlucky youngster who as yet has made a poor adjustment to his environment, can leave a mark upon a soul.

Trivial at the time, perhaps the most lasting event of the senior year for some graduates has been this often cruel, usually ironical and thoughtless piece of mockery. In a few minds it may outlast all the inspiration of commencement.

BAIL

It would be a serious injustice to deny all prisoners bail. Many prisoners are innocent; in fact the law presumes, or is supposed to presume, all prisoners innocent until they are proven guilty. But is a known criminal entitled to bail? Innumerable known criminals are set free on bail to continue their depredations to secure funds with which to hire legal talent to frustrate justice. It would seem as if a first conviction should automatically deny them the privilege of bail at a second arrest on a serious charge.

Bail, in any event, has a bad psychological effect on criminals. The very fact that there is a respite and an opportunity to defer the punishment, with possible chances of escaping it altogether, dulls the edge of their fear of that punishment.

Certainly there is one hobble that could be put on the bail evil and that is to prohibit bonding companies from providing bonds for criminals who have before been convicted on a serious charge. Most criminals go free until the time of trial through the agency of these bonding companies since they are too well known for responsible citizens to go their security.

TODAY'S POEM
By HAL COCHRAN

We all like to ha, ha at an old thing that's really a reason for laughter. We all like to hear any joke that folks bring that will give us a laugh ever after.

A humorous yarn that is cleverly told is worthy, at least, of a smile, and the joke with a kick, when it's properly doled, seems to always be well worth the while.

A number of men gather round in a group, and for moments there isn't a sound. And then, when there suddenly cometh a whoop, you can tell that new stories are found.

The he, he's and ha, ha's and ho, ho's each day are fine, 'cause they give us an earful of something that chases the blues all away—a tonic that really is cheerful.

There's only one manner of joke we can score. It's the one where the teller goes lame. We know that we've all heard the story before—but we're kind, and we laugh just the same.

Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician and Author
Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

WHY BE HORRIFIED?

A woman writes:
You have helped me before, perhaps you will be kind enough to do so again.

Three years ago my husband became run down and sick; a company doctor pronounced it syphilis.

We were horrified, especially as our fifth child was about to be born.

He has taken five series of treatments (nine treatments in each series), besides the rubs, but he does not seem to be entirely well yet.

Our last little one seems well and strong. I cannot tell this to our family doctor. Would he be so thankful for advice.

Things probably seem very different to doctors and people. Take syphilis for instance. To my mind it is not horrible if a man gets shot, stabbed, or maimed in the performance of his duty or innocent pursuit when he is engaged in a just or noble cause. But when a man deliberately shoots himself, or gets injured while engaged in committing a crime, that is horrible. Not on his account, but because of the shame and sorrow it brings upon his family.

This woman's husband may or may not have syphilis. The mere verdict of the company doctor would not carry much weight in my opinion. The diagnosis was no doubt a mere laboratory suggestion. But, shudder at a word on a man's Wasserman reaction is nothing to bank on. Too often these fifty laboratory tests put a double cross on the victim when in all truth he hasn't anything more than what a well advised fad healer would call a "claim" of syphilis.

Granted the man really has actual manifestations of an old syphilis, syphilis which he contracted in earlier life, there is still nothing to be particularly horrified or alarmed about. The mercury treatment (rub and the other remedies used in the courses of treatment he has had, may be relied upon to cure the disease, at least as far as syphilis is curable. There is practically no likelihood that children born several years after the primary stage or beginning of the syphilis will have the disease. On the other hand, if this husband has recently contracted syphilis, through unfaithfulness, he is a menace to every person who may be intimately associated with him. For syphilis is the most serious of all communicable diseases.

As a general rule syphilis is communicable only in the primary and secondary stages, and in most cases the secondary stage is passed within a year from the date of infection. Only occasionally after that period is there a contagious relapse.

Once syphilitic, always syphilitic. But the disease may be arrested and kept forever under control, quiescent, like tuberculosis, by proper treatment.

An individual who has once had syphilis is foolishly to imagine he has been cured, if by that he means eradication of the latent infection from his body. No matter what the Wasserman tests may show, the wise course for a syphilitic individual is to consult his physician at least once a year and perhaps have a brief course of treatment. Syphilis may be arrested under proper treatment, just as tuberculosis is.

This woman makes a mistake when she thinks she cannot tell her family doctor all about it.

QUESTIONS AND ANSWERS

Well, Look At The Irish

Is starch good for the human system? I understand potatoes contain a large amount of starch. (F. C. B.)

Answer—Huh, were it not for starch there wouldn't be any human system.

Driving A Person Crazy

Would the use of hair dye cause a person to go insane? I have been told so by different ones. Nine Northernland Brothers is the kind I have used. (Mrs. F. A. S.)

Answer—No, I do not know about the dye you use, but many hair dyes and so called hair restorers are nothing more than lead acetate in disguise, and there is a danger of getting chronic lead poisoning from the use of such preparations on the hair, and sometimes chronic lead poisoning manifests itself in mental derangement.

KAUKAUNA FIRM GETS ANOTHER ROAD CONTRACT

Carty Construction Company to Build Highway in Pennsylvania

Kaukauna — The Joseph McCarty construction company has been given a contract for approximately \$70,000 highway paving in Mercer county, Pennsylvania. The company was the only Wisconsin firm bidding on the work and was low among 17 bidders. All the paving will be reinforced concrete and a portion of it is in the rough of Mercer and the rest is in a quarry. The pavement in the rough will be 30 feet wide and the rest will be 16 feet wide. The company expects to start this contract in about three weeks and will finish it the last part of July.

A \$222,000 highway contract is just being finished in Clarion, Pennsylvania. The company finished pouring concrete Wednesday. Work was started on the job in the spring of '25. The construction outfit is being moved to the Mercer county job. Many men from Kaukauna and nearby cities are working with the Pennsylvania crew. This company has been working in Pennsylvania for over three years and contracts aggregate close to \$1,000,000.

Another crew is at work in Detroit on a railroad grade section on the Michigan Central railroad. The work started early in the spring of '25 and hopes to finish by June 15 of this year. The McCarty company has on numerous other jobs in that part of the country.

The construction company also is paving one block of Wisconsin-avenue, remaining part of Taylor-st. Deane-st. from the north line of Wisconsin-avenue to the south line of Draper-st. will rebuild the bridge near Kankakee creek. It also is low bidder for a work on Dodge-st. Work is expected to start on the local projects a week or ten days. The contracts Kaukauna amount to over \$45,000. Offices of the company are located at the Wendt block.

2 SPANISH WAR VETS ARRESTED

Each Receives 20 Days in Jail in Default of \$10 Fine

Waupaca—Two Spanish-American War veterans who were arrested May 5 on a drunk and disorderly charge, were fined \$10 and costs in Justice court Monday morning by Justice M. B. Felt. Neither could pay his fine and they were sentenced to the county jail for 20 days. According to state witnesses, one of them, while drunk at the dinner table at the home, threw a platter the entire length of the table. Both men were singing and talking boisterously during the evening, witnesses stated. Charges and counter charges were directed by different witnesses as to how the liquor got to the men.

The first accident on the detour of highway 18, just west of the city, occurred Sunday when a family from Chicago, father, mother and two children enroute to Greenwood were badly shaken up and somewhat scratched and cut when the father lost control of the small sedan. They ran against a telephone post, but injuries were slight.

Circuit for Waupaca-Ed will be resumed here Wednesday, May 12, with Judge Byron B. Park presiding. Sessions last week were ended Saturday at the conclusion of the LaValley case. Monday and Tuesday Judge Park is sitting on the bench at Milwaukee. Wednesday the jury will return to consider two or more minor criminal cases. It also is expected that Judge Park will resume LaValley some time this week. After the second trial and the first conviction LaValley received sentence of ten years.

The Waupaca Chapter of the R. A. M. entertained about 120 resident and non-resident members, their wives and daughters, at Masonic Hall Thursday evening.

A program was presented by the Iola and Weyauwega members. Mrs. Dr. Loop gave a reading. Dr. Loop told several stories. Dr. Bellue and Mrs. Peterson of Weyauwega each sang solos. The Reverend Saunderson, of the Methodist church, Weyauwega, gave an address on Free Masonry, after which refreshments were served by the Waupaca Chapter. An Iola orchestra furnished music during the evening.

Earl Cleveland was arrested Thursday on a charge of disorderly conduct.

Carl Anderson was arrested Friday evening on a charge of driving his car while intoxicated. After spending the night in jail he was arraigned before Chief Justice Peter Holst Thursday morning and was released on bail pending settlement of his case.

James F. Liner, proprietor of the Delevan hotel, has opened a Cash & Carry Grocery store in the Annex of the Delevan Hotel on Union-st. Clarence Redfield is manager of the store.

Mrs. Levi Peterson entertained members of the T. T. T. club Wednesday. High honors in cards went to Mrs. Clide Taylor.

Mrs. Harry Rawson entertained the Ace of Clubs at her home Saturday afternoon.

Paul Lewis of Manitowish visited his brother, Dr. H. I. Lewis, Wednesday.

Mrs. Agnes Gordon, Miss Mahle Gordon, Miss Wilson of Milwaukee and Gordon Nelson, who has been visiting his grandparents, will spend the weekend at the home of the former's daughter, Mrs. Van Nelson.

The Helping Hand society met at the home of Mrs. Royal Havenor Thursday afternoon.

DERNBACH HEADS ATHLETIC GROUP

Elected President of New London High School Athletic Association

Special to Post-Crescent
New London—George DERNBACH, a junior at the high school, was elected president of the New London High School Athletic association for the ensuing year at the annual business meeting Monday afternoon. August Becker was elected vice president, Olive Rosentreter, secretary and James Mulroy, treasurer. The retiring officers are Richard Jilison, president; Wilfred Zimmer, vice president; Dorothy Haskell, secretary; and Harold Holtz, treasurer. All retiring officers are members of this year's graduating class.

The association now has a cash balance of \$112.45 on hand, with which to start the season next year. This is an excellent balance, considering the large amount of expense of the past season, and shows that the association is more than self supporting.

APPOINT ANOTHER CLEANUP COMMITTEE

Special to Post-Crescent
New London—A new committee of men was appointed last Sunday by the Catholic congregation to assist with cleaning up the brick ruins of the old church which burned a year ago in June. Tuesday and Wednesday have been set aside especially for the purpose of cleaning the premises, but workers are welcome to come at any time. Each man in the congregation is expected to clean at least 5,000 bricks. This will save approximately \$2,000. A new committee will be appointed each week to work with those which have already been designated.

HOLY CROSS WINS SPELLING TILT

Five Pupils of Kaukauna School Still Standing at End of Hour

Kaukauna — Holy Cross parochial school, Kaukauna, won the annual Catholic parochial school spelling contest conducted by the local council at the Knights of Columbus in Eagles hall Monday night. Nineteen students representing St. Mary and Holy Cross schools of Kaukauna, the Wrightstown and Darby schools were entered in the contest. Each school, except Darby, entered five students. One Darby student was ill and consequently only four students were at the contest. All of the Holy Cross pupils and two students from St. Mary school were standing at the end of the hour's spelling bee. A silver loving cup was presented to the winners. Holy Cross won the cup last year, and if it wins again next year it will retain permanent possession of the trophy. It is necessary to win three years in succession to gain permanent possession of the cup. The contest was conducted by Superintendent of school J. F. Cavanaugh.

Students in the contest and their schools were: Holy Cross school—Evelyn Gerhardt, Mary Braun, Francis Bastall, Norbert Micker, Robert Driessen; St. Mary school—Margaret Kiffe, Carol Nagun, Charlotte Mayer, Rosella Otte, Lorraine Hoolihan; Wrightstown—Norbert Van Vreede, Vincent Vanderheiden, Ruth Kettenhofen, Hilda Liebergen, Mary Vanderheiden; Darby—Wilford Hartzheim, Royndol Hopfensperger, Adeline Grode and Irene Probst.

GARVEY WINS TENNIS MATCH

Farrell Stops Garvey in One Set but Fails in Other Two

Kaukauna—William Garvey won the first match played by members of the Kaukauna Tennis club when he defeated Jack Farrell two sets out of three Monday evening on the club's courts. Both players were fairly well matched and the majority of the games by far were deuced. Garvey won the first set 6 and 4, but dropped the second set by the same count. Both contestants worked hard to win the final set, but Garvey's exceptional ability to place the ball finally won for him. Farrell showed a remarkable back hand stroke and his returns with the stroke were powerful. Farrell outplayed Garvey the early part of the first set because Garvey was trying to work.

William Ashe won by default from Amay Bayorgeon when Bayorgeon failed to put to appear on the courts at 6 o'clock.

Wednesday night two more matches will be played. Local tennis officials expected to have the third court in shape this week, but Monday afternoon the court was so rough that the contestants could not play on it.

The schedule for Wednesday night is as follows:
Court No. 1: Alphonse Berens vs Byron Bisek.
Court No. 2: Gordon Patton vs Fay Posson.

SOCIAL WHIRL IN NEW LONDON

New London—The Leisure Hour club will be entertained at the home of Mrs. John Croak Thursday evening. The assisting hostesses will be Mrs. D. B. Egan, Mrs. Nelson Secard and Mrs. Henry Knapstein, Jr.

The Womans Relief corps will hold its regular meeting Friday afternoon.

A large party of friends and relatives gathered at the Belonger home route 1, Sunday evening in honor of the approaching marriage of Miss Pauline Surprise and Melvin Belonger. The young people were showered with miscellaneous gifts. A part of the evening was spent at cards.

MRS FRANK PETIT SUCCUMBS AT HOME

Special to Post-Crescent
New London—Mrs. Frank Petit, 55, died at her home in Liberty at 12 o'clock Monday, following a two weeks' illness. She is survived by her husband and one son, Edward, who lives on the homestead.

Funeral services will be from the Catholic church at 10 o'clock Wednesday with Rev. Fr. Otto Kolbe in charge. Interment will be in the Catholic cemetery.

MISS SURPRISE WILL WED ON WEDNESDAY

THE MADNESS OF YOUTH

IN the small town where she lived, Dolores Vane was considered an extremely pretty and popular girl. She was not only respected by the townspeople, but many a young man boldly wove her into his dreams of marriage while he shyly laid siege to her heart.

But Dolores also dreamed dreams. Never would she submit to the cheap thrill of a common, middle-class romance, when real romance, glittering and beautiful, awaited her in the big world of men.

So in spite of a mother's gentle protest, she set out for the big city—the promised land of excitement, romantic adventure and thrills. As she looked back later, she reflected sadly how much better it would have been had she stayed at home and married one of the true-hearted youths she had despised as "middle-class."

But like many another girl who refuses to listen to "those who know," Dolores' regrets came too late. Under the title, "The Easy Road," Dolores tells her pitiful story in True Story Magazine for June. It contains a warning lesson that every girl, every boy, should read. Remember the title, "The Easy Road," in True Story Magazine for June.

KAUKAUNA FIRM GETS ANOTHER ROAD CONTRACT

Carty Construction Company to Build Highway in Pennsylvania

Kaukauna — The Joseph McCarty construction company has been given a contract for approximately \$70,000 highway paving in Mercer county, Pennsylvania. The company was the only Wisconsin firm bidding on the work and was low among 17 bidders. All the paving will be reinforced concrete and a portion of it is in the rough of Mercer and the rest is in a quarry. The pavement in the rough will be 30 feet wide and the rest will be 16 feet wide. The company expects to start this contract in about three weeks and will finish it the last part of July.

A \$222,000 highway contract is just being finished in Clarion, Pennsylvania. The company finished pouring concrete Wednesday. Work was started on the job in the spring of '25. The construction outfit is being moved to the Mercer county job. Many men from Kaukauna and nearby cities are working with the Pennsylvania crew. This company has been working in Pennsylvania for over three years and contracts aggregate close to \$1,000,000.

Another crew is at work in Detroit on a railroad grade section on the Michigan Central railroad. The work started early in the spring of '25 and hopes to finish by June 15 of this year. The McCarty company has on numerous other jobs in that part of the country.

The construction company also is paving one block of Wisconsin-avenue, remaining part of Taylor-st. Deane-st. from the north line of Wisconsin-avenue to the south line of Draper-st. will rebuild the bridge near Kankakee creek. It also is low bidder for a work on Dodge-st. Work is expected to start on the local projects a week or ten days. The contracts Kaukauna amount to over \$45,000. Offices of the company are located at the Wendt block.

2 SPANISH WAR VETS ARRESTED

Each Receives 20 Days in Jail in Default of \$10 Fine

Waupaca—Two Spanish-American War veterans who were arrested May 5 on a drunk and disorderly charge, were fined \$10 and costs in Justice court Monday morning by Justice M. B. Felt. Neither could pay his fine and they were sentenced to the county jail for 20 days. According to state witnesses, one of them, while drunk at the dinner table at the home, threw a platter the entire length of the table. Both men were singing and talking boisterously during the evening, witnesses stated. Charges and counter charges were directed by different witnesses as to how the liquor got to the men.

STUDY COURSES FOR MILL BOSSES START NEXT FALL

Vocational School Heads and Mill Executives Adopt Plan

Vocational courses in the paper and pulp industry will be completed before fall and men employed in paper mills of Kaukauna, Neenah, Menasha and Appleton soon will be given a chance to enroll in unit classes which deal with the type of work they are doing. It was decided at a meeting of heads of vocational schools of the four cities, heads of departments of paper mills and Harold G. Noyes, itinerant teacher Monday evening at Appleton Vocational school Mr. Noyes has been conducting a survey in the Fox river valley since Jan. 1, to determine whether it would be profitable to offer courses in paper and pulpmaking. A preliminary survey had been prepared about a month ago by Mr. Noyes and submitted to heads of vocational schools in the four cities. These men decided that the problem could best be solved by the men who attended the meeting at the vocational school Monday evening. Thirty-five men representing practically every paper mill in the four cities were at the meeting.

The survey by Mr. Noyes showed that there are 7,554 people employed in 22 paper mills in the four cities. Appleton has the greatest number with 1,441 employed in the paper mills here. Neenah paper mills employ 949. Kaukauna has 832 people working in the factories and Menasha plants employ 629.

The following mills were classified as independent units in Mr. Noyes survey as far as educational program was concerned because of their location, organization and the type of product manufactured: Appleton—Fox River Paper company, Riverside Paper and Paper company, Patten Paper company Ltd., Inter Lake Pulp and Paper company, Wisconsin Tissue division of the Thimble Pulp and Paper company, The Tuttle Press Appleton Coated Paper company, Atlas mill of Kimberly-Clark company.

Kaukauna—Thimble Pulp and Paper company, Outagamie Paper company, Union Bag and Paper company and Kaukauna Groundwood Pulp company.

Menasha—Menasha Printing and Carton company, Gilbert Paper company, John Strange Paper company, Geo. A. Whiting Paper company, McCallan-Armstrong company, Island Paper company.

Neenah—Bergstrom Paper company, Neenah Paper company, Lake View Paper company, Kimberly Clark company.

Work for the following year according to Herb Heilig, head of the Appleton Vocational school will be concentrated on former skilled workers and semi-skilled workers. The executives and the unskilled or common labor will not be included in the work to begin in fall.

No general scheme of education can be adopted because of the different grades of paper made, the various processes used, the different kinds of pulp mills, shift system of work, no well defined system of advancement for highly skilled jobs where much schooling is needed and different companies having different well defined policies according to Mr. Noyes survey and for this reason it was decided to adopt the short unit basis.

A unit means a group of related lessons dealing with one subject or one phase of a given subject. The education offered in these short unit courses will be specific training for the worker which will be adaptable to his job.

Advisory committees will be appointed and the duty of the men on this committee will be to outline and plan the short unit course of the particular department they are representing.

A concrete case was given. The heater engineers advisory committee would be composed of perhaps one of the most skilled heater engineers in the valley the superintendent of one of the mills and Mr. Noyes. This committee would go in session for several days planning and working on an outline to be followed in

BREAKS CHAIN TO LEAVE CAR ON SCHOOL GROUNDS

Something stronger than a heavy iron chain fastened to a stout iron post and to a large tree will have to be found to keep people from parking their cars in Lincoln school grounds while they attend the theater, for such contrivance failed to hold some irresponsible motorist who crashed into the barrier, breaking the chain and bending the post down to the ground Sunday evening.

The chain was stretched across the N. Oneida-st driveway to convince people that school property is not a public parking place.

The school property is turned into a veritable mudhole filled with ruts every rainy evening because of cars using it as a parking space. Not only is the school property made most unsightly from the tracks left by the cars, but the children's baseball diamond and playgrounds around the building are made unfit for use until the janitor or children rake them over and fill up the holes.

The course offered to heater engineers.

In this manner every department of paper and pulp mill work will be covered and the courses will be offered to the men without charge as a part of the trade extension work. Instructors in the courses will be highly educated and skilled men from the schools, the mills and some teachers will be secured from outside.

Agencies used in working up the material to be used in the courses will be from the industry schools, libraries, universities, extension and correspondence schools. Funds for the school will be obtained through federal state and local school taxes.

Where classes will be determined by the nature of the work to be done by the men enrolled in the course. For instance in the case of the acid or chemical workers classes will be held in mill laboratories where concrete problems can be illustrated. Some classes will be held in the school and others in rooms provided by mills for this purpose.

Equipment will be purchased by the mill or the school some will be loaned by the mill and others will be rented for class use.

In addition to the unit courses offered the people employed in the mills a general course in paper and pulp making will be open to all. Only workmen employed in paper mills will be allowed to enroll in the classes offered. Sections of some classes will be held in each of the four cities while the other classes will be centered at Appleton vocational school.

DRAFT SCHEDULE FOR NEXT YEAR'S SPEAKING TILTS

High School Principals Oppose Participation in College Sponsored Leagues

Dates and locations for next year's Fox River Valley Forensic League contests were determined at a meeting of principals of high schools in the conference in Oshkosh. Herbert H. Heibie principal of Appleton high school attended the session.

March 25 and April 8 were the dates set for the triangular debates between the conference triangles. The district declamatory contest will be held at Sheboygan high school in December. On April 29 the district oratorical contest will take place at West Green Bay high school. Manitowish will get the next district extemporaneous contest and the date set is May 15, 1927. The matter of admitting another school to complete a debate triangle for the northern third of the district was discussed. At present Marinette and West Green Bay high schools are the only representatives in the northern section. East Green Bay, Appleton and Manitowish high schools comprise the central triangle while Fond du Lac, Oshkosh and Sheboygan high schools are the southern triangles.

The system of letting the public speaking instructors and coaches of the conference schools judge the various contests was approved by the principals.

Award of a silver loving cup to the school winning the debate triangles will be discontinued. It was decided East Green Bay high school has won the debate trophy for the last three years and will keep the cup permanently.

The principals reaffirmed the stand they took last year of continuing forensic activities strictly to the valley conference and opposed the idea of entering any college or university sponsored leagues in oratory or debate.

JUMPS FROM TRUCK INTO PATH OF CAR

When Arnold Hickinbotham, 32, jumped Monday noon from the rear of a moving truck at the corner of Elsie and Bennett-sts, to go to his home at 513 N. Bennett-st, he leaped into the path of an automobile driven by William Mueller, 902 W. Lorain-st, who was following the truck. Hickinbotham was knocked down, but not run over, according to Mueller's report to the police. Beyond a shaking up, he was uninjured.

We want you to make this test

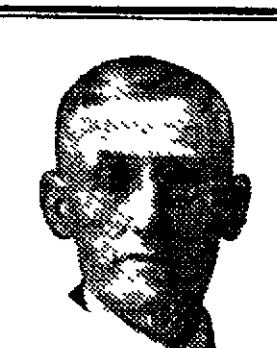

We want every weak, puny, fagged-out man and woman in America to make this test, buy one bottle of Tanlac at your druggist's take it according to directions for one week and see how quickly you get started back to full strength and vigor.

We know what we are talking about. Tanlac has helped millions. In our files are more than 100,000 letters of praise from grateful users.

Don't confuse Tanlac with ordinary patent nostrums. It is Nature's own tonic and builder compounded from roots, barks and herbs that we gather at great expense from the four corners of the earth.

Tanlac goes straight to the seat of your trouble, cleanses and purifies the blood stream, puts your digestion in proper shape. First thing you know you have an appetite like a starved child. You rest at night and your whole body begins to feel the stir of strength and energy.

Don't you be discouraged. Don't put off testing Tanlac another day. Get a bottle now and in a week you should notice signs of real improvement. Then you will feel like your old self again. Take Tanlac Vegetable Pills for constipation.

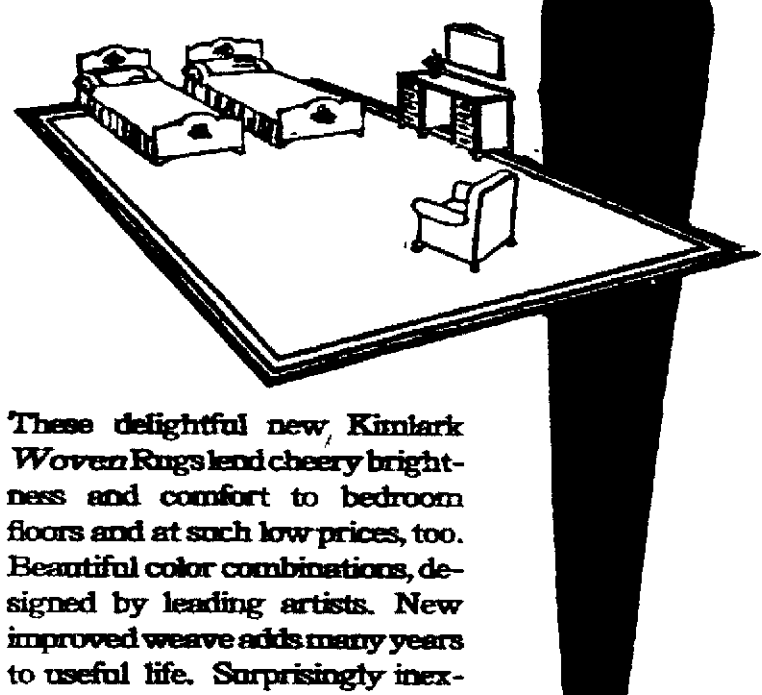

Recommends Tanlac to His Friends

"Seven years I suffered from intestinal and stomach troubles, was 'puny,' irritable and often had dizzy spells. After three bottles of Tanlac my appetite and nerves are fine and health sound. I recommend my friends to try Tanlac, too."

EXPERIENCE OF WESTERN GIRL

Found Cannery Work Too Tiring

The fertile valleys of Oregon help to supply the tables of America. This is possible thru the magic of the humble tin can.

In one of the canning establishments, Lydia E. Pinkham was employed. It was complicated work because she did sealing and other parts of the work. It was strenuous work and she was not a strong girl. Often she forced herself to work when she was hardly able to sit at her machine. At times she would have to stay at home for she was so weak she could hardly walk. For five years she was in this weakened condition.

She tried various medicines. At last a friend of hers spoke of Lydia E. Pinkham's Vegetable Compound and Miss Schmidt gave it a trial.

"Everyone says I am a healthier and stronger girl," she writes. "I am recommending the Vegetable Compound to all my friends who tell me how they suffer and I am willing to answer letters from women asking about it." Lydia E. Pinkham's address is 652 North Front St., Salem, Oregon. For sale by all druggists.

**PLANT EMPLOYEES
CELEBRATE NEW
SAFETY RECORD**

Cellucotton Employees Get
Prizes When Safety Man
Reaches 400 Years of Age

Neenah—Saturday was the four hundredth birthday anniversary of the "safety man" of the Cellucotton company and in honor of the event a general celebration was held by employers and employees at the plant. Talks were given by Ernest Mahler, president of the company, and O. T. Thompson, who is in charge of the Neenah and Niagara Falls, N. Y., plants. The age of the safety man of the company is determined by multiplying the consecutive days on which there were no accident by the number of employees. A program given during the afternoon, was arranged by the music committee of the Sunshine club composed of Florence Gillespie, Melba Nutter, Rosamund Lemke and Martha Rusch. Chorus singing was led by Carl McKee of Appleton.

Following the program, prizes totaling \$1,500 were awarded to employees who took part in the safety movement. Each one employed in the plant for two weeks or over received a check of \$2.50 and those in the plant for four weeks and over a check of \$5 was given.

The Neenah plant has a total of 276 employees of whom 216 are women and 60 are men.

Mr. Mahler explained how extensively the products of this company are used, illustrating his talk with advertisements which are sent to all parts of the world.

**SEWER WORK HALTED
ON S. COMMERCIAL-ST**

Neenah—Sewer work on S. Commercial-st has been halted as grades have not been furnished by the city engineer. Harry LeTourneau, a local surveyor, has been retained to assist in measuring the grade so that the work can go on.

**FORMER NEENAH MAN
DIES IN AUTOMOBILE**

Neenah—Details concerning the death of Charles Relyea, whose body was brought to Neenah Sunday for burial, discloses he died suddenly while driving his car at Potosi, Mo., where he resided. He was in company with another man when he complained of illness. He dropped over in the seat, still holding on to the wheel. The friend, thinking that he had dropped his automobile key on the floor, leaned over to assist him to find it. It was then that he discovered that Mr. Relyea had suffered a stroke of apoplexy.

The funeral was held Monday afternoon from the home of Mrs. Grace Pankratz, Menasha, a sister-in-law.

**BALL TEAM WILL OPEN
SEASON AT FOND DU LAC**

Neenah—The city ball team will open the Fox River Valley league season at Fond du Lac Sunday, with a lineup of about 20 men. The players were selected from a large number of candidates Monday evening at Neenah bowling alleys. The laws of the league were read and contracts were signed by players selected to represent Neenah in the league. The list will be increased as the material develops and prospects point to a strong team. Handler and Engle were signed for catcher, and Nixon, Runnick and Kopinski as pitchers; other players are Ehardt, Haase and Larson first base; Anderson and Kinkle second base; H. Gulickson and R. Gulickson, shortstop; Krull and Schultz, third base; Madsen, Whitten and P. Johnson, outfield.

**YACHT OWNERS PREPARE
FOR SUMMER ACTIVITIES**

Neenah—The launching of the Onaway IV, a class A sloop owned by S. P. Shattuck and Mrs. Shadow, a class A sloop owned by J. C. Kimberly indicates that the yachting season is started. Both yachts were in perfect shape and took to the water none the worse for the winter's storing. Both were given a trial trip on Winnebago.

It is understood that John Buckstaff of Oshkosh, in company with Cammie Vandick of Milwaukee and Fred Achenbach of Oshkosh, are constructing a new class A sloop which will be in readiness for races this year.

**WINCHESTER MAN IS
ARRESTED AS DRUNK**

Neenah—Clifford Clark, Winchester, was arrested Monday evening on a charge of being intoxicated. He appeared Tuesday afternoon in the court of Justice Chris Jensen where he was fined \$5 and costs.

DISMISS CASE

Neenah—The assault and battery case of Jorgensen vs. Spring, and Jorgensen vs. Kern in the court of Justice O. R. Baldwin, has been dismissed. The arrests were made in town of Menasha a week ago when the preliminary hearing was held and an adjournment was taken to Tuesday afternoon.

**WANT COMMERCIAL
STREET VACATED**

Neenah—A petition will be presented to the council at its next meeting by property owners on Wisconsin street asking that that part of the street west of N. Commercial-st, in front of the Badger, Globe and Kimberly-Clark mill properties, be vacated. Plans had been instituted to pave this piece of road jointly by the city, Kimberly-Clark company, and the Mississippi Water Power company, but dissatisfaction arising between the city and owners over the cost, a special meeting of city officials and property owners was called and the city withdrew its plan for paving unless that part of the road in front of the Badger mill is widened to conform with the rest of the road there. This the mill people refused to do. Should the street be vacated, all responsibility of any accident occurring there will be borne by mill owners.

**REELECT LOESCHER
HEAD OF COUNTY BOARD**

Menasha—George A. Loeschler of Menasha was reelected chairman of the county board of Winnebago on the special meeting at Oshkosh Monday. In reply to calls for a speech Mr. Loeschler thanked the members of the board for his reelection. He believed he was interested in the work of the board, and that he was interested in seeing that politics did not enter into the actions of the board. If the members of the board stick to the business, he told them, there is no reason why the county should not be out of debt in two years.

Menasha members of the board who attended the meeting were George A. Loeschler, Alois Voissem, S. L. Spengler, Edward Schrage and John Weise.

**MENASHA

**COMMITTEES MEET ON
MEMORIAL DAY PLANS**

Menasha—A meeting of the joint Memorial day committee of Menasha and Neenah composed of representatives of the common councils, legion post and Grand Army of the Republic will be held Tuesday evening at S. A. Cook armory at which final arrangements will be made for Memorial day program. The speaker of the day will be the Rev. I. E. Schlagenhauf, pastor of the Methodist church, Neenah.

**Twin City
Deaths**

RAMSAY FUNERAL

Menasha—The funeral of James H. Ramsay of the Menasha Dry-goods company was held at 2:30 Thursday afternoon at the home of his brother, Dr. George Ramsay, at London, Ont., according to W. H. Reynolds, who accompanied the body to that city. The services were private and were conducted by the pastor of the Presbyterian church of London and the interment was made in the local cemetery. Mr. Reynolds left here with the body Tuesday noon and reached his destination late Wednesday afternoon.

BOY RETURNS HOME

Menasha—Walter Finch, 8, son of Alderman and Mrs. Theodore Finch, Second-st, who has been at St. Elizabeth hospital for more than ten weeks and who during that time has submitted several critical operations, returned home Tuesday. His condition is favorable for complete recovery.

FARMERS NEED RAIN

Menasha—J. D. Musial, who visited Amherst, Sunday, says that the farmers in that section of the state have had no rain this spring and everything is drying up. There is no moisture in the soil and only a portion of the seeding has been finished. There is no pasture and unless rain comes soon feed for live stock will become very scarce.

DOGS IN GARDENS

Menasha—Numerous complaints about dogs damaging flower beds and gardens are being received by the police department from different parts of the city. The complaints come mostly from housewives.

**INVITE LEGION TO BE
GUARD FOR BIG PARADE**

Menasha—Members of Henry J. Lenz post of the American Legion have received an invitation from Holy Name society to act as special officers during the parade of the annual rally of Holy Name societies of Green Bay diocese at Menasha Sunday, April 22.

The legion also has decided to give a benefit motion picture in June for the purpose of securing funds with which to purchase a new flag. The post's flag which saw several months service overseas is nearly in shreds.

The first of the series of weekly dances to be given by the legion in the city park pavilion each Monday evening during the summer months will be held Monday evening, May 17.

ARRANGE FOR RALLY

Menasha—Members of Holy Name society will hold a meeting Thursday evening at St. Mary school building for the purpose of completing arrangements for the Holy Name rally to be held in Menasha Sunday, May 23. Plans are being made for serving a cafeteria lunch from 11 to 3 o'clock on the day of the rally.

THIEVES TAKE TIRE

Menasha—Edward Gambsky, while at Oshkosh Saturday lost a tire and rim which were stolen from the rear of his automobile. The property was removed during his absence.

**MORE DEMAND FOR MEN
AS CONSTRUCTION STARTS**

The demand for men for rail and construction work is becoming larger each day since warm weather started, according to C. L. Boynton, employment secretary of the Y. M. C. A. For the first time since last November, the demand seems to be larger than the supply. The "spring opening" in the labor situation is an annual event Mr. Boynton said.

**INVITE MILWAUKEAN
TO ADDRESS BANQUET**

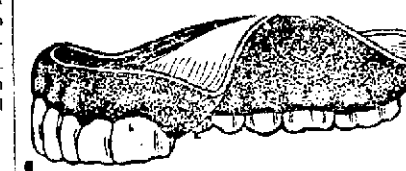

Dr. C. C. Schneider of Milwaukee, district governor of the Y's Mens' club for Wisconsin, will be invited by the Appleton chapter of the club to speak at the annual banquet of the local Y. M. C. A. on Friday evening, May 21. It was decided at a meeting of the club Monday evening. Dr. Schneider, who gave Appleton its international charter, will be asked to explain the purpose and ideals of the club. The Appleton chapter also has been appointed the attendance committee for the banquet.

Sour Stomach
"Phillips Milk of Magnesia"
Better than Soda

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it is more pleasant to take than any other laxative.

Twenty-five cent bottles, any drug store.

**FOUR SILVER CUPS
FOR CONTEST WINNERS**

Four silver cups for winners of declamatory contests held in the circuit courtroom at the court house April 30, were on display Monday in the office of A. C. Mealing, superintendent of county schools. The cups ranged from about ten inches to four inches in height, the cup for the grammar school declamatory winner being largest, while the trophy for second place primary winner is smallest.

Winners of the cups were: Irma Mielke, Seymour grammar school, first; Violet Mansfield, Bear Creek Grammar school, second; Marion Towne, Shioket state graded primary, first; Agnes Burnmeister, Cicero graded school, second. Names of winners and their rank in the contest have been engraved on the cups.

NIGHT LETTER FROM LESLIE PRESCOTT TO JOHN PRESCOTT

Told mother over telephone yesterday that I would be home tomorrow. Last night Ruth fell down stairs and for twelve hours her life was despaired of. Doctors have succeeded in saving her, however, by a caesarian operation and they have great hopes of saving the baby also.

Everything is being done that is possible for Ruth and her baby. Walter, however, is like a madman. We have had to keep him absolutely away from his wife. This I seem to be better able to do than anyone else. That is why I am staying.

Ask Karl to write me his plans about the pearls. Kiss the babies for me. I love you.

LESLIE

Night Letter From John Prescott to Leslie Prescott

Words cannot express my great sympathy for Ruth and Walter. Stay with them as long as they need you. I remember very well that Ruth came to you at that terrible time when our first baby was born dead and it was through her wise counsel that little Jack was placed in your arms and that brought you back from the very gates of the Great Beyond.

Am getting along fine. Leg does not hurt me at all. Mother is out of town. Consequently Hannah is happy in her care of the children.

Tell Walter to keep a stiff upper lip. Everything will be all right in the end. Am selfish enough, however, to hope Ruth will be well enough for you to be here before the shooting of the picture.

With all my love,

JACK.

Telegram From Mrs. John Graves Hamilton to Leslie Prescott

Please convey my sincere sympathy to dear Ruth, but tell her I am happy to know that things are not as bad as they might be. I am sure it will all be right now. "Did you say Ruth's child was a girl?" I hope so.

MOTHER.

Adventures Of The Twins

The Nice Old Auntie

After Mister Tingaling and the Twins got Mrs. Brown Bear's rent money, they went down the hill and across the meadow to the button-ball tree on the edge of the woods. Colonel 'Possum had rented quite a large beautiful apartment in the buttonball tree, and they were going to collect his rent.

So they went "tingaling-aling" at his doorbell. And a little sharp-nosed lady in a white lace cap answered the door.

"How do you do, Madam," said the fairyman landlord, tipping his ice-cream saucer hat and making a grand bow.

"I'm pretty well," said the little old lady. "All except for my rheumatism, and a cold in my pipes, and a tooth-ache. Just come in."

"Is Colonel 'Possum at home?" asked Mister Tingaling when they all stepped inside.

"No, sir! He isn't!" said the lady. "Can I do anything for you? I'm his old aunt from the country."

"You don't say so?" said Mister Tingaling in surprise. "Why, I never knew he had an old aunt. I never knew that Colonel 'Possum had any relations at all. He comes up here every summer, from the south, and I thought he lived all alone."

"Oh, did you?" said the lady. "Well, here I am. Is there anything I can do for you?"

"I suppose there isn't, Madam," said Mister Tingaling. "Unless you can give me his rent money. It's his rent money I am after. He owes me a dollar in fair money for this beautiful apartment he rented, with sun-porch, awnings, screens, hot and cold water, electric lights, electric ice-box, electric stove, elevator, and everything. It's cheap at the price."

"It does sound like a lot of money to a poor old lady like me," said Colonel 'Possum's aunt with a loud sigh. "You poor dear children must be tired. Aren't you?"

"Oh no! We aren't tired," cried Nancy and Nick, thinking what a kind old lady this was. "We're not tired a bit."

"Well, just sit down," said their hostess. "The Colonel will be in soon. If I don't know where he keeps his money."

Mister Tingaling looked at his watch. It was getting later and later.

"Why he keeps it in the silver pudding-dish on his sideboard," said he. "At least that's where he always kept it last year when I came around to collect his rent."

"Why, that's so! How forgetful I am!" said the nice old lady. "I suppose he did tell me it was there and I just forgot. I'll get it at once for you."

So Nancy and Nick and Mister Tingaling sat down. And they waited and waited and waited.

After while Colonel 'Possum himself walked in.

"Your aunt has gone to get the rent money," said Mister Tingaling. "She's been gone a good while. I told her where you kept it."

"What! My aunt! Why, I have no aunt!" cried the Colonel.

They all rushed out to the dining room, and there on the floor lay a little pile of clothes—lace cap and all! On the empty pudding dish lay a note. It said:

"Dear folks: Thanks! Sorry I had to leave."

"Your loving Auntie, 'Snitcher Snatch, the Goblin.' The money was gone! (To Be Continued.)

BIG SPORT PROGRAM FEATURES COMING WEEKEND

**Baseball, Track, Tennis
Golf To Entertain Sport
Patrons On Weekend Card**

Prep Track and Tennis Meets, College Net Meet, Opening Ball Game, Features

Baseball, track, tennis and golf, every important sport now in the public eye, will be served in large quantities to appease the jaded appetite of Appleton sport lovers over the next weekend. And like the menu of a famous hostess, local fans will be able to "take their choice." Two of the events are openings and three more are championship affairs, so that all should interest their devotees.

Saturday is the big day with track, tennis and golf holding the boards. Saturday afternoon eight schools of the Fox River valley will meet in the valley conference track and field meet, sponsored by Lawrence college, at George A. Whiting field. These same schools, Fond du Lac, Oshkosh, Manitowish, Sheboygan, Appleton, Marinette and East and West Green Bay, will battle for the valley tennis title in the morning. This meet also is sponsored by the Blue institution. In golf circles, Saturday will mean opening day and all that goes with it at Riverview Country club. In addition to all this Lawrence college track team clashes with its old rival, Beloit, in a dual meet at the state line city.

Sunday means the opening of the Fox River Valley Baseball League, with Green Bay's speedy team invading Appleton for an opening day game. It also will be the Mother's Day celebration of the league. Monday will mean another day for tennis followers and this "day" will continue Tuesday and Wednesday, when four colleges, members of the newly-formed Wisconsin Collegiate tennis association, hold their first state tournament on the Lawrence college courts. Colleges represented are Milton, Ripon, Lawrence and Marquette.

Some of the best prep athletes of the state will meet here in the valley conference net meet Saturday and many new conference marks should be established. West Green Bay and Manitowish are favorites. At Beloit, Lawrence is favored to win, but the margin will be much smaller than the easy meets of the last two weeks. The features of the meet will be clashes of Heideman, Artz and Hipsley, Blue-weight stars, with Wally Hastings and John VanDolah, Gold first-place winners in every meet to date, and the clash between Nesbitt and Stair in the dashes. The Blue weightmen are favored in the meet but Nesbitt is favored over the Blue captain. Nesbitt is Midwest title holder, a consistent 10 second man in the century and a runner beaten only once in four years. Stair is state record holder in the century. Both have made the distance in 10 flat, but the Beloiters are more consistent and in better condition.

Besides he completely dominates the dashes while Stair, with McConnell out is needed for Blue points in the high jump, which is a tiring event. The Blue relay team may be forced to set a new state mark to beat Nesbitt and Co. Stair made his 10 second mark when he set the state record.

Marquette is favored to win the tennis meet, but Lawrence and Milton are given chances.

The Appleton ball club is in the pink of condition after a hard practice game between the regulars and "Tannians" on Sunday and should make the Baymen step to win. One or two practices a week plus the signal drill round out the preseason work. Crowe and Ruffick look the best on the mound with Harm Tornow, showing plenty of stuff for "Marberry" relief work. Cove Radtke may be used at first sack if he shows enough stuff and in that case, Al Gosha, Hilman and Fricke will lead off. H. Tornow and others should complete a class outfield. Sen Tornow will be on second, Courtney at short and Cully Schultz at third. Lawellen, former Menasha Pail hurler, may pitch against the Bazelmans.

**EAST AND WEST CLASH
AGAIN IN BIG DERBY**

Louisville, Ky. — (AP) — Pamed in song, story and California-made movies, the Kentucky Derby this year

HELPFUL HINTS GOLFING STARS

CHICK EVANS—DO NOT BABY THE BALL. While speaking on the effect of luck in the game is suggested to me the results which seem to follow the man who plays his ball on the safety-first principle. I want to say a word against the practice of "babying" your shots. The air route is the safest. Don't "baby" your ball. The man who is over-cautious is at as much disadvantage as the man who is reckless; more so in fact.

Accidents in golf, as in life, may upset all calculations. And so I think that a player who has acquired merit as a proffer has no reason for despair if he loses an important match through a turn of luck. The "break" of the game is, of course, a very real thing, but at most it is only a variable factor that cannot be foreseen and does not occur consistently.

It seems hard sometimes when one knows the quality of his play entitles him to a victory to lose it through chance, but such a player should remember that chance as often works for him as against him.

**VALLEY SCHOOLS
IN FINAL WORK
FOR TRACK MEET**

West Green Bay, Manitowish, 1925 Contenders, Appear to Have Leading Teams

The cream of track and field athletes of eight valley conference schools are putting in the final touches this week for the third annual conference track meet sponsored by Lawrence college and held at George A. Whiting field on Saturday. Five of the eight schools have had extra pre-season work which should aid them in becoming the strongest kind of contenders for the title. Manitowish and Sheboygan clashed in a dual meet Saturday and Marinette, East and West Green Bay fought a trio affair at the Bay.

Manitowish walloped Sheboygan, 65-37, making two school records, and winning another to do it. At the Bay, West trimmed East and Marinette, 72-36-18 with the Johnson crew on the short end. Results of these two meets makes West Green Bay and Manitowish the strongest squads in the 1926 meet, favorites again with quite a dual to be fought out between them as to the title, although every other school which can score a number of points has a chance because of the number entered.

The meet will be fought for the first time at the new George A. Whiting field, considered one of the best in the Midwest. Former meets were run on the old Lawrence field and many unfavorable conditions existed, especially last year when both track and field athletes had to climb through pools of mud and water to compete in their events. Even then many records were broken, indicating that the competition is getting harder each year. Officials in charge of the meet are predicting that several records will fall this year with the faster track and field. Medals will go to first, second and third place winners in each event, and a cup will be awarded the winning relay team. An appropriate trophy will go to the winning school and a cup to the high individual point-winner. Schools in the meet are Oshkosh, Fond du Lac, Appleton, Marinette, Manitowish, Sheboygan, and East and West Green Bay.

**KIMBERLY WALLOPS
PAILS IN WORKOUT**

Kimberly—The K. A. Athletic baseball squad, Kimberly's entry in the Fox River Valley Baseball League, smothered a team from Menasha 23 to 1 in a practice tilt at the Kimberly park. Pocaan took the mound for Kimberly and held Menasha well in hand at all times. School in the meet ran up a total of 22 runs. On Tuesday evening at 6 o'clock another practice game was played with the Phi Kappa Alpha squad of Lawrence college furnishing the opposition. These games will complete the preparation for the opening day at Oshkosh on Sunday, May 15. Stock in the local team took quite a jump Sunday when it was learned that Marty Lamers had signed his name to a receiving contract as had Harvey Hartjes. Kimberly's best bet on the receiving end of Pocaan's twisters. The squad out in suits Sunday was composed of Joe Pocaan, Len Smith, Red Cavil, Nig Verthen, Pete Kell, and Hank Thien in the outfield; Chas Scheidt at first; Marty Lamers and Butch Thien at second; Dud Courchane and John Phillips at short; George Vandierop at third with Pocaan and Hartjes working as the battery.

**BADGER, GOPHER TEAMS
MEET TWICE THIS WEEK**

Chicago — (AP) — The aggressive climb which last week advanced Michigan to a first place tie in the Big Ten baseball race has carried the Wolverines into an undisputed lead as the halfway work in the western conference season gets underway by downing Iowa Monday, 6-5. Wisconsin played at Minnesota Tuesday and Illinois has a chance to regain Michigan in a game at Purdue on Wednesday. Northwestern meets Michigan on the same date. Saturday's four games oppose Purdue and Northwestern, Michigan and Illinois Ohio State and Indiana, and Minnesota and Wisconsin.

**TWO SQUADS TIED FOR
TOP IN KIMBERLY LOOP**

Kimberly—By a 2-1 victory, over Bucks' Black Sox, Snook Bourgeois Progs kept their slate clear, and helped to lower the average of what was considered the strongest team in the loop. In the second game of the day, Ted Derke walloped the Red Tied Juniors, 5-4, to go into tie for first place position with the Progs. In the first game the pitching of Babe LaMay and Bourgeois was the outstanding work, each pitcher allowing but three hits, an error resulting in the one run advantage gained by the Progs.

**YALE HAS BOX STAR
IN WILBUR SHOOP**

Yale seems to have a promising hurler in Wilbur Shoop. He not only beat Bowdoin the other day but fanned 12 batters. One-run was all the foe could get on five safe swats.

**WASHIE HENDRICKS IN
BAY SCRAP ON MAY 21**

Walter "Washie" Hendricks, pride of Kaukauna, who has been working under the wing of Rob Mohr, veteran Milwaukee scrapper, has returned to this neck of the woods to resume his battling ways. Washie went down to the Cream City some time ago to work himself into condition under the veteran Bob and he evidently is ready to go, according to the Milwaukee Base. He took part in several minor engagements but spent most of his time in workouts. However, he laid off long enough to clip Billy Anderson of Ohio for the count in the third round of a fight at Aurora, Ill., recently, making quite a hit with the fans while doing so.

Kaukauna and valley fans will get a chance to see the rejuvenated Washie in action on May 21 when he battles Billy Besh, tough Milwaukee boy in a six-round scrap. At Green Bay, a large following is expected to trek to the Bay to see him scrap. Harry Kahn, famous Milwaukee southpaw, and Jimmy Ryan of St. Paul, will head the Bay card.

**POOR HANK'S OUTFIT
IS GOOD CELLAR BET**

Columbus looks like a good bet for the cellar in the American Association race. Poor Hank Gowdy of National League and world series fame is having a tough time of it in his debut season. In the first 15 tilts the Gowdy Senators won but three.

Neverman Favors Plan Of Rotating Court Tourneys

Marquette — (AP) — Consideration by the Wisconsin Interscholastic Athletic association of a plan for rotating the district basketball tournaments was forecast today by Secretary P. F. Neverman. Mr. Neverman announced he would suggest such a plan to the board of control of the association at its next meeting. "The time has come when the board of control must give serious consideration to the adoption of a plan under which in districts where possible, the tournaments will be rotated between the desirable and available centers in that district," declared Mr. Neverman. "Such a plan, he believes, would have many advantages over the permanent center idea under which the tournaments each year are held in the same places. "The work would not fall upon one school year after year and the people in the different communities would have an opportunity of witnessing a tournament," Mr. Neverman contended. "The schools conducting the meet would benefit by the added interest in athletics created by having a meet at home. It also would reduce or equalize the advantage some team has of always playing at home in a tournament. Conditions have changed in the past five years, the secretary relates. When the sixteen district tournaments plan was first instituted some difficulty was encountered in finding a sufficient number of satisfactory tournament centers. Many places he said willing to conduct a tournament did not have the satisfactory floors or adequate hotel facilities. This is not the case today, he contends. "While Mr. Neverman believes the rotating plan would be desirable, he believes that some of the present districts have only one 'really desirable center.' "Such meets as River Falls, Rice Lake, Platteville, Monroe, and a few others must of necessity remain in their present location," he said. "Other districts, however, now have two or more cities provided with adequate gymnasiums and good hotel facilities and are anxious to have a district meet."

Looks Like Sour Grapes**

Fond du Lac — "What is the Fox River Valley Conference? It is made up of only 8 high schools out of 419 in Wisconsin," declared Paul P. Neverman of Marinette, secretary of the Wisconsin Interscholastic Athletic association in an interview with the Fond du Lac Commonswealth commenting upon the action taken by the conference last week in opposing the state and district high school basketball tournaments.

Mr. Neverman characterized such action as "volstead athletics." "The agitation against the tournaments was started by a group of reformers seeking cheap publicity," said the W. I. A. A. official.

"I don't believe that the public in the cities of the conference will stand for their teams being kept out of the tournaments next March despite the action taken by the principals and action taken by the coaches of the Fox River Valley Conference," declared Neverman. "I can't imagine what they will say if Fond du Lac and Oshkosh, particularly, I don't believe the principals and superintendents can get away with the stunt, and they will come to realize they acted too hastily."

"I admit that the school officials have cause to complain in the large number of tournaments and contests conducted throughout the state such as band tournaments, declamatory contests, debating and others which take the students away from their work. But why do they pick on athletics? Athletics are here to stay and the public is becoming more and more interested in the high school team each year and following them closely in the tournaments."

"It looks to me like a lot of sour grapes among some of the schools in the conference and they are trying to spill something. Of course, we will not try to make them compete in the tournaments as this will give the smaller schools all the more chance to win the title. The action of the conference doesn't amount to a row of pins in my estimation and I don't think the people will allow them to get away with it."

The meeting at which the coaches and principals voted against the tournaments was held in this city last Friday. All of the schools scheduled for conference basketball games, some of them playing through to March 21 which is long past the tournament dates. Fond du Lac's last game is March 11, which would be the second night of the district tourney at Oshkosh.

**BABE HOLDS CLOSE TO
EARLY MARK IN 1921**

New York — (AP) — Despite an injured foot which makes him limp, Babe Ruth has battled his way within reach of his record mark of 1921, when fifty-nine circuit smashes erupted from his club into the grandstands. By poling a drive into the right bleachers Monday against Detroit he increased his total for 1926 to eight, one less than he had gathered on the same date five years ago.

Now his third homer in four days, and soon after delivering one blow he retired from the field to rest his foot, hurt in a collision with Lazzeri in the outfield last week.

Baseball men pronounce Ruth to be in better condition this year than at any time since he joined the Yankees.

The world's supply of balsam of Peru, used in perfumes and medicines, all comes from a ten-mile grove of trees in Central America, known as the Balsam Coast.

**MAPLE CORNER SCHOOL
WINS TOWN CONTESTS**

Maple Corner school placed first in a town school contest at Golden Hill school, Maple Creek, Saturday afternoon. Other schools participating were Clover Blossom school, Maple Corner school and Golden Hill school.

Judges were Mrs. John Knapp, Edwin Martin, both of Maple Creek, and Huldagart Conrad, a student at Lawrence college.

Maple Corner school won first place in 13 of the events. Contest results follow: Declamatory, Edna Pinneck, Maple Corner school; singing, Anita Schwant, Golden Hill school; rope climbing, Edwin Knapp, Maple Corner school; balancing, Edna Pinneck, Maple Corner school; boy's broad jump, Earl Affeld, Maple Corner school; basketball throw, Anna Marie Johnson, Maple Corner school; girls relay, Edna Pinneck, Maple Corner school; boys relay, Earl Affeld.

Winners will attend the county contest at Appleton May 28.

**JOE BALZA APPOINTED
SCORER FOR APPLETON**

Joseph Balza, 509 S. Story-st., was appointed official scorer for the Appleton baseball team of the Fox River Valley League Sunday by President C. L. PreFontaine. Balza scored for the local squad last year. Other official scorers appointed by the loop proxy are George Calhoun, Green Bay; Peter Jensen, Kimberly; K. Asmus, Neenah; Ray Paterson, Oshkosh; Al Mayer, Fond du Lac.

**EARL SANDE UP TO
HIS USUAL TRICKS**

Earl Sande seems to be up to his old tricks. The other day he rode Mingo of the Oak Ridge stable to victory in the Springfield handicap, feature race at Jamaica. Whatever horse Sande rides in the Kentucky Derby will wear a bit of watching.

**ORANGE STARTS 1926
CLASS MEET TUESDAY**

Candidates for the Appleton high school track team will stage the 1926 interclass meet Tuesday and Wednesday afternoons at the old Lawrence field on Meade-st., according to Coach McAliff. Monday afternoon was spent in a hard drill and Thursday another practice will take place before the conference meet here on Saturday.

Chicago — (AP) — The Chicago Cubs, pennantless for eight years and tail end 1926 selections of some baseball critics Tuesday were within striking distance of the National League pennant.

With a smashing offensive against the pacemaking Robins and Pitcher Jess Petty Monday the Cubs qualified as the west's miracle team of the early season. The Brooklyn club, propelled on the shoots of brilliant pitching had been setting a dizzy pace and Petty, Robinson's southpaw ace had won five straight games.

For seven innings against the Cubs, he pitched as masterfully as he had from the opening day of the campaign. Then a base hit storm broke, and triumph by 9 to 0 advanced Chicago to within half a game of the top. The New York Yankees, unseated as American League leaders by Washington a few days ago, soared to the peak under a batting barrage which subdued the Tigers 13 to 9. Homeruns by Ruth, Gehrig and Combs figured in the Yankee offensive.

Washington fell with a thump to fourth place as the result of a shutout, 2 to 0, from Thurston, White Sox hurler, while three hits proved sufficient for Cleveland to keep pace with the Yankees and share the first place berth. Two bingles bunched with errors gave Speaker's men three runs in the eighth, their winning margin. Uhle, opposing Ehmke, hurled shutout ball.

While the four leaders were exchanging positions, the Athletics balked by a slow start, picked up a little ground by scoring their seventh straight victory at the expense of the Browns, 3 to 2. A triple and a home run by Sumners were telling blows in the Mackian drive.

The Giants suffered their eighth defeat in ten starts when Cardinal outfielder Ed Delmonico administered to Jack Winer, his first defeat of the season, 5-4. Blades and Bell contributed home runs to the winning attack.

COLLEGE WILL EDUCATE YOUTH TO STAY ON FARM

PROPOSE TO SELL COUNTRY TO CITY MAD GENERATION

Maryland Institution Will Adapt Education Methods to Small Town Needs

BY GEORGE BRITT

Chestertown, Md.—A selling campaign more momentous than the highest-pressure dream of Florida real estate promotion is being organized here at old Washington College.

It proposes to "sell" the country to a city-mad generation.

"Our purpose," says Dr. Paul E. Tisworth, president of the college, "is to adapt the methods of present day college education to the needs of the agricultural communities and the smaller towns."

"Country folks frequently complain that their sons and daughters who go to college are thereby lost permanently to country life. They feel that colleges educate away from the farms rather than toward them. They see their children being drawn away from the smaller towns that form a highly important and wholesome part of the economic and social fabric of the nation."

Dr. Tisworth's diagnosis is practically undisputed. The big colleges prepare mostly for urban life. Even the agricultural colleges, it is charged, turn out more teachers of agriculture than dirt farmers.

COURSE MAPPED OUT

How does Dr. Tisworth propose to reverse the trend of population and keep 'em down on the farm?

Well, it will not be a sentimental process. He is not going to paint pictures of dainty shepherdesses, meadows sweet with hay and redcoated fox-hunters at full gallop across the landscape.

"Sociology and economics will be the subject of instruction," says President Tisworth. "The man who is to occupy our chair of country life should be a university graduate who has lived in and loves the country, who has specialized in rural problems and can 'sell' the idea of rural life."

The intention of this chair would be to help students see the rich possibilities in country life. We want to show the advantages of having educated men and women in charge of the farms and in the professional and business life of the villages. We want to encourage college youth to love and understand the country.

BATTLES LURE OF CITY

"The cause of the present drain of people into cities is not so much the educational system. It is primarily the urbanism, the love and lure of the city, which permeates our civilization. Washington College proposes to emphasize the counter-appeal of the country and educate the country boy and girl back to the country—not off to the city."

Washington College is an example of its own doctrine. It has remained since 1782 a small college, serving the Delaware, Maryland, Virginia peninsula. From this rural source has sprung an idea which may overshadow all the standardized urban efforts of the big football stadium universities.

MACHINES GIVE FARMER GREATER PRODUCTION

New York — American farm machinery has allowed the farm worker of this country superior productivity. America holds the lead in the development of farm machines which are used not only in their country but throughout the world.

In this country, more than 15 times as much farm machinery was in use in 1920 as in 1870. The value of machinery used amounted to \$366 per worker in 1920 as compared with \$176 per worker in 1870.

Of all the power used in 1924, about 17 per cent was represented by tractors; 12.5 per cent stationary engines; 5.5 per cent electrical installations; 4 per cent motor trucks; 1 per cent windmills and 69 per cent animal power.

After the war many military machines were converted into apparatus for farm work and many of the vehicles once used for war purposes are now serving on American farms.

TWO SCHOOLS REGISTER 100 PER CENT IN THRIFT

Two schools reported 100 per cent bank deposits for the week ended April 27. They were Columbus and Richmond grade schools. The number of depositors for the week was 2,002 while the amount deposited was \$426.92. This was a slight decrease from deposits of the previous week. The percentage of depositors was 82 as compared with 85 the previous week. The number of withdrawals was 57 and the amount withdrawn was \$308.95.

SEEK PETITIONS FOR FARMERS INSTITUTES

So that the 19 Wisconsin counties which do not have county agents may secure farmers institutes next winter, E. L. Luther is calling for petitions from farmers from these communities. The 19 counties where petitions for institutes are made directly to E. L. Luther of the Agricultural college, include: Pepin, Dunn, Chippewa, Lincoln, Vilas, Waupaca, Waushara, Marquette, Calumet, Fond du Lac, Dodge, Columbia, Sauk, Richland, Crawford, Iowa, LaFayette, Green and Racine. COW PRODUCES 74 POUNDS FAT IN ONE MONTH

Registered Jersey Owned by William Beck Leads Neenah C. T. A.

A registered Jersey cow owned by William Beck, member of the Neenah C. T. A., produced 74 pounds butterfat in April, leading the association in individual production, according to the monthly report of Lyle B. Binney, official tester. Her milk production was 1,104 pounds and her test was 6.7 per cent.

The second highest producing cow is a grade Holstein belonging to H. Dobberpuhl. Her record was 1,233 pounds milk and 66.6 pounds butterfat for a 5.4 per cent test.

Eight herds averaged over 30 pounds of butterfat for the period. The C. O. Allen herd, with an average record of 1,219 pounds milk and 42.9 pounds butterfat for a test of 3.49 per cent, was 'high.'

Following is the record of the herds averaging over 30 pounds of fat.

GAINED EIGHT POUNDS BY TAKING

Father John's Medicine

Mrs. R. L. Doherty, mother of this little girl, writes:

"One of my neighbors told me about Father John's Medicine, and I gave it to my little girl when she was sick. Since taking it she has gained eight pounds and has a beautiful color. Now she can go out and play like the rest of the children. I am sending a picture of my daughter to show the benefits obtained from Father John's Medicine." (Signed) Mrs. R. L. Doherty, 419 Newfield Ave., Bridgeport, Conn.

The pure food elements in Father John's Medicine build new strength and health and that is why it is the best spring tonic. It is a real body builder and not a stimulant because it is free from alcohol or dangerous drugs in any form.
